

JUDGE CHARGED WITH BRAGGING HE'D GET MONEY

Alleged Letter of Sapulpa Jurist Brought Into Courtroom.

WRIGHT IS AFFABLE

Alleged Detectives Go About With Officers During Trial.

(By the Associated Press)

SAPULPA, July 28.—Testimony adduced by the state today, the second of the preliminary hearing of Judge Lucien B. Wright, charged with accepting a \$10,000 bribe to decide the two million dollar Tommy Atkins oil land case against the Charles Page interests, bordered closely on the sensational. At one point was brought out the alleged intention of Charles McCloud, one of the endorers of the present information against Judge Wright, to bring a white slave charge against the jurist and of the judge's intention to kill Charles Page. S. P. Freeling, state attorney general, quickly interposed an objection asking that nothing that did not touch directly on the charge being discussed nor should be brought in and requesting Justice of the Peace Piltz to stop the court's consideration of anything concerning the judge's possible actions.

Would Have Money Soon.

SAPULPA, July 28.—The preliminary hearing of Judge Lucien B. Wright, accused in information filed by S. P. Freeling, state attorney general, of having accepted a bribe of \$10,000 for a decision he rendered in the Tommy Atkins oil land case, entered the second day of testimony here today at 2 a. m.

Mrs. T. T. Boardman, of Oklahoma City, who was on the stand when the court adjourned yesterday, was called back today by Attorney General Freeling for cross-examination by Judge Ben Thompson, head of the defense counsel.

A torn letter, which Mrs. Boardman is alleged to have received from Judge Wright was introduced. The defense objected on the grounds that the letter was mutilated. Mrs. Boardman testified that in the part of the letter that was torn off Judge Wright had said: "After July 1 I will have plenty of money on which to go away."

After testifying, the witness was turned over to the defense. In reply to questions the witness said she had known Charles Page against whom Judge Wright had decided the Tommy Atkins case, and Charles McCloud, one of those endorsing the information filed against Judge Wright "only a few weeks."

Mrs. Boardman denied that she had ever received or been promised any money from the Page interests. She admitted receiving a large sum of money from Sapulpa but not from Tulsa. She also denied having recently deposited \$1000 in an Oklahoma City bank.

Attorney General Freeling again took the witness and questioned her about cashing checks for Judge Wright.

Offered Pay to Talk.

A man named Smith of Sapulpa, had offered a sum for her testimony, the witness testified, but the offer was refused. Mrs. Boardman admits receiving \$1500 from Judge Wright who said it was to be used in paying for her home. The witness said that Judge Wright told her he had been playing cards with Attorney Lytle of the counsel for the defense, and had lost \$40, which the witness said the judge told her he had been playing cards "could have Lytle's signature."

Before the opening of the court Judge Wright went about unaccompanied and mingled with the spectators, shaking hands and smiling.

Several officials of the court jokingly asked each other before the session opened if they had "rid themselves of their sudden bosom friends," meaning as explained, that they were being accompanied about their business by alleged detectives.

FIVE JAIL LABORERS ASSIGNED TO ROAD

Five county prisoners were assigned this morning by Sheriff Bob Duncan for work on the new federal-county highway between Ada and Allen. They are under the direction of El Morris, commissioned by the sheriff as guard. This is the first county jail labor that has been used on the road, it is said.

HEAVY SLUMP IN GROCERY PRICES

Steady Fall of Food Is Noted Since April 1920 Quotation.

What fortune has the recent "nose-dive" taken by market prices brought to you, Mrs. Housewife, and you, Mr. Breadwinner?

A recent survey of present prices of food stuffs as compared with war prices, or even with prices of three months ago, shows that not all blessings drop from the skies. After tumbling 28 percent between April, 1920, and April, 1921, the cost of the various articles of food combined slipped down another notch of 2.7 percent within the next month and in the last three months have continued their downward dive.

Government comparative figures just issued show that fresh eggs, which retailed at 52.8 cents a dozen in April, 1920, plunged down to 41.7 in March, 1921, and on down to 34.3 in April, 1921. Now they are selling on the local retail market at 30 cents. Cheese had reached 42.8 cents a pound in April, 1920, but fell to 39 cents on March 15, 1921. It went down to 37.3 cents a pound by April 15, 1921, but the best variety is now back to 40 cents.

Friend Steak Thoughtful.

Sirloin steak is perhaps one of the best friends of the cook now because of its admirable behavior on the market. Early in April, 1921, it sold for 43.2 cents a pound, slipped down to 39.1 cents in March, 1921, by April 15, 1921, had gone to 40 cents, but now has descended to 25 cents. Other stand-bys of the meat market have gone down the stairs hand in hand with sirloin in its march. Rib roast, selling for 33.5 a pound in April, 1921, skidded to 30 cents by March 15, 1921, went back up slightly a month later to 30.4, but now has been reduced to 20 cents, according to local markets.

Bacon, in the same interval, went from 51.6 a pound to 41.9, up to 44.4 and now is hitting the market at 30 and 35 cents. Pork chops volplaned from 43.2 to 35.3 cents a pound, back up to 37.1 and has now fallen to 25 cents. Milk maintains about the same market level as three months ago. Ada grocers say. Margarine stays practically where it was in April, hens have fallen from 43.1 to about 14 cents with poor market at that figure, and in the last three months ham has come down from an average price of 49.3 cents a pound to 38 cents, local price, market statistics show. Chuck roast is down from 22.4 cents to 17 cents a pound.

Bank Devises Plan to Save Finances of Deflated Nations

(By the Associated Press)

BUENOS AIRES, July 28.—Reconstruction of the monetary systems of those countries whose currency has depreciated, on the plan followed by Argentina in 1899, is recommended by Carlos A. Tornquist, international banker, who was Argentine delegate to the Brussels financial conference last year. Adoption of this plan, he told members of the American Club at a luncheon here had fixed a permanent value for Argentina's then fluctuating paper currency and quickly enabled the country to emerge from monetary chaos into economic stability and prosperity. Many of the leading men in Germany he said, were already in favor of adopting a monetary reform patterned after Argentina's.

Explaining the mechanism of the plan, of which his father was the author, Senator Tornquist said under the Conversion Law of 1899 by which it was carried into effect, a value of 44 cents gold was fixed for the paper peso and national financial institution which the law created, was authorized to deliver one paper peso in exchange for that sum in gold and vice versa. The value, he said, was fixed very much below par, because the depreciation of the paper money had become a permanent one and because values had become adjusted to the depreciation, "that is to say, that, apart from the fluctuations liable to be produced by abnormal causes, the real value of the paper peso measured in gold was 44 cents."

The public immediately responded to the law, having confidence in the plan, with the result that the value of the paper peso became more and more stable and it ceased completely to fluctuate even when the country had obtained only a modest stock of gold. This stock has constantly increased, from barely \$3,000 in 1902, \$90,000,000 in 1905, to \$470,000,000 in the present day.

FRENCH NOTICE ASKING TROOPS SHOCKS LONDON

More Men Requested for Upper Silesia in Call Today.

CONFERENCE IS HELD

Lord Curzon Will Answer Premier Briand on Situation.

(By the Associated Press)

LONDON, July 28.—The last French communication insisting that more troops be sent into upper Silesia immediately, which came as something of a surprise to official circles in London, is understood to have been the subject of an important conference in the official residence of Prime Minister Lloyd-George in Downing street. In some political quarters it was stated that the insistence of the French had caused some anxiety in Downing street.

Lord Curzon, the foreign minister has met M. De St. Aulaire, the French ambassador, and as a result it is understood that Lord Curzon will send a reply to Premier Briand reaffirming the views that the situation in Upper Silesia does not require the sending of more troops at the moment.

ROBBERS TAKE LIBERTY BONDS IN BANK RAID

(By the Associated Press)

OKMULGEE, July 28.—The Oklahoma State bank at Preston, seven miles north of Okmulgee, was robbed Wednesday night. Two hundred dollars worth of Liberty bonds and a quantity of revenue stamps were stolen from a vault. The safe, which contained the bank's cash, was not molested.

Graveling Contract Let on Fourteenth; Work Is Under Way

Another graveling contract has been let to the Martin street graveling company by property owners in the 500 block of West Fourteenth street and work has already been started on putting the gravel down. It is expected that all the gravel will be put on the street by Saturday afternoon and ready for the wetting and rolling process. The gravel will be laid 42 feet wide and six inches deep. Property owners of the 400 block on West Fourteenth are also making an effort to get that part of the street gravelled.

TURKS LEAVE ISHMID BEFORE GREEK ASSAULT

(By the Associated Press)

LONDON, July 28.—The Turkish nationalists have decided to evacuate Ismid, it is said in an Exchange Telegraph message from Constantinople today, owing to the Greek advances indirectly on Adana at the base of the peninsula which lies to the east of Constantinople between the sea of Marmora and the Black Sea.

PONCA CITY MAN HELD INNOCENT IN TRIAL TODAY

PONCA CITY, July 28.—Ralph Harkrider, young farmer charged with the murder of his wife, Mamie Harkrider, July 5, at Tonkawa, was discharged at his preliminary hearing at Newkirk today. Mrs. Harkrider was found in a room in her home on her husband's farm with a bullet hole through her chest. Analysis of the clothing by the state chemist showed evidence of power burns, according to testimony at Newkirk. Witnesses testified that Harkrider came home intoxicated and it is thought that his wife committed suicide because of grief over her husband's actions.

Daugherty Puts Off Report on Debs for President's Return

(By the Associated Press)

WASHINGTON, July 28.—Attorney General Daugherty's report to President Harding in the matter of a pardon for Eugene Debs, socialist leader, imprisoned at Atlanta penitentiary for violation of the espionage act, will be deferred until after the president's return from a ten days visit to New England, Mr. Daugherty said today.

PREMIER BRINGS OUT CHURCH IRE

Invitation to "Keep Out of Politics" Opens Hot Storm.

LONDON, July 27.—Prime Minister Lloyd George has aroused the ire of leading churchmen by telling them that they ought to keep out of politics.

The occasion was the General Assembly of Welsh Calvinistic Methodists at Portmadoc, Wales, when the Premier delivered an address, in the course of which he complained of public utterances by highly placed divines at church conferences and elsewhere on questions of the day such as Ireland and the industrial unrest, which, he asserted, "they were not in the least competent to discuss." He stigmatized their observations as "interferences in the task of government, which, if followed, are replete with mischief both to the church and to the state."

This indictment has aroused a storm of protest and rebuke among Mr. Lloyd George's former colleagues in the Free churches, and resolutions have been passed at various evangelical council meetings strongly dissenting from the Prime Minister's attitude.

Opposed by Baptist. Dr. John Clifford, the veteran Baptist leader, asserts that the Premier's doctrine is contrary to his own, which is that "the churches should take such action as to secure the application of the principles of the Gospel of Christ to the political conditions of the world."

More outspoken is the Rev. H. J. Taylor, a Primitive Methodist leader, who says: "The Premier declares that the business of the church and his ministers is to mind their own job. Their job is to demand that the Premier should practice religion in the law of the land."

From the pulpit of St. Paul's, Covent Garden, the Bishop of Chelmsford flatly told the Premier that he wouldn't accept his rulings.

"If he had said the church must not interfere in party politics, we might be agreed; but that is very different to politics," the bishop said. "The government touches human life at every point, and the church cannot agree to refrain from expressing her opinion upon that which touches all her members."

"We are going to make continuous war upon all that poisons the atmosphere," continued the bishop, "we intend to have our politics impregnated with the right spirit—that of Christianity."

Bankers to be Shown When Meeting Starts How Movies are Made

LOS ANGELES, Calif., July 27.—Sightseeing tours through some of Southern California's big motion picture plants are on the entertainment program of the 1921 convention of the American Bankers Association here October 3-7.

Delegates, at one studio, will see a typical motion picture set built on a large platform and will hear a lecturer tell in detail how the motion pictures are made.

Later, at the same place, the bankers will inspect a Mexican "movie" street, at the end of which there will be a real Spanish barbecue awaiting them. Motion pictures will be taken of the party.

A moonlight tour is planned to another motion picture city, at which the bankers will visit the Monte Carlo of the films a city built to resemble, on the surface at least, the famous European resort.

Tours to Santa Catalina Island, trips in the glass-bottom boats over the submarine gardens there, golf tournaments, banquets, theater parties and other features are also on the program.

Los Angeles bankers expect 3,500 delegates to attend.

WASHINGTON COUNTY MAY ADD DISTRICT

(By the Associated Press)

PAWTHUSKA, Okla., July 28.—A movement is afoot in eastern Osage county and Washington county to declare the entire twenty-eighth school district, now a part of Osage county, with Washington county. The movement is being sponsored by Miss Mary Richards, superintendent of schools of Washington county and the superintendent of the public schools of Ochelata. Supporters of the plan claim students would be greatly benefited by such annexation.

Petitions for and against such action are now being circulated in both counties, according to reports here.

"BILL" MURRAY PLANS TO ESTABLISH A. A. COLONY

TISHOMINGO, July 28.—With establishment of a colony of Oklahoma men in Peru and Columbus as his aid, William H. Murray, former Oklahoma congressman, left recently for his third visit to those countries. Murray sees wonderful possibilities in both Peru and Columbia for the small investor.

MAKING STILL TO BE STOPPED BRENTS STATES

Local Man Held for U. S. Grand Jury on Charge Under Section.

PROVISION IS CITED

Possession of Malt to be Prosecuted Hard the Officers Say.

Manufacturing stills is an offense under the federal liquor law, whereas even the possession of a still may not be, according to a statement made public today by T. E. Brents, chief enforcement officer, following the launching yesterday of a fight along a somewhat new line in the liquor enforcement law game.

J. C. Emerson, local tinner, was arrested yesterday by Brents and taken to Coalgate to appear before U. S. Commissioner R. W. Woods on a charge of violating the Volstead act. Emerson is alleged to have made a still in his tin shop here. His bond was fixed at \$1,000 awaiting the next session of the grand jury at Ardmore.

Brents declares he, accompanied by Sheriff Bob Duncan, lay in wait and watched Emerson deliver the still out of the back door of his shop on Main street to a man in the darkness at about 10 o'clock last Friday night. His arrest was delayed in an attempt to catch the other man, Brents said. More copper tubing, suitable only for the making of worms on stills, was found in the shop, according to Brents' statement.

Is Only a Starter

"This is only the first of a series of arrests we are going to make if the manufacture of stills, which I am convinced has been going on here for some time, is not stopped. I am aware that some of the tinner here are not acquainted with the section of the prohibition act which makes this an offense," he said. Then he cited Section 18 of the Volstead act which says:

"It shall be unlawful to advertise, manufacture, sell or possess for sale any utensil, contrivance, machine, preparation, compound, tablet, substance, formula direction, or recipe, advertised, designed or intended for the use of the unlawful manufacture of intoxicating liquor."

In response to a letter in which Mr. Brents asked his opinion as to applying this law to the manufacturing of stills, Frank Lee, new United States District Attorney at Muskogee, wrote: "Certainly a still is a piece of machinery, a contrivance, or utensil for this purpose. The manufacture, then, of such an article would be in my judgment a violation of the National Prohibition Act."

War on the importation and possession of malt from which chocolate is being made also will be waged here, Mr. Brents declared.

STEEDMAN VETERAN IS GIVEN LAST RITES

Funeral services for Wilburn H. Edwards, son of N. F. Edwards of Steedman, were held at the Conway cemetery yesterday afternoon. Edwards was killed while in the E. F. in France on October 5, 1918. He was in Company H, 59th Infantry.

Services were conducted by Rev. Williams of that community. Young Edwards was well known in the Steedman community and had many friends there. A big crowd of friends gathered at the cemetery to pay last tribute to the Steedman hero.

Captain Hargis, Ada Confederate Vet, Paints Own Home To Show He Is "Fit as a Fiddle" at 79 Years

Just because one has reached his seventy-ninth mile-stone in life is no reason why he should declare a vacation and spend the rest of his life in blissful ease.

At least this is the way Capt. Sam H. Hargis, a local Confederate veteran who will celebrate his seventy-ninth birthday August 8, feels about it. Hargis, who is a pioneer of Ada, is hale and hearty and just to prove that he is still fit as ever and his son, Sam Hargis, Jr., have recently completed at 801 West Sixteenth street. The elder Hargis did considerable carpenter work on the house and says he feels no pains of "old age" after his labors. He has painted the house inside and out.

Captain Hargis fought under Bragg, Johnston and Hood in the Army of Tennessee for four years during the civil war. In spite of a life crammed full of a "man's

65 TEACHERS ARE LISTED IN EXAMS

Forty-Seven Seek Right to Teach in County and 18 Elsewhere.

Sixty-five candidates for teachers' certificates, many more than were at first expected, took examinations in Pontotoc county during the three days tests that closed yesterday, a statement issued this morning by County Superintendent A. Floyd shows.

Of this number, 47 were residents of Pontotoc county and 18 took examinations for other counties. Counties besides Pontotoc represented in the examinations just closed at the East Central normal were Garvin, Murray, Johnson, Pottawatomie, Seminole, Osage, and Oklahoma.

Eight were candidates for first grade certificates, 19 for second grade, and 20 for third grade. Miss Nova McKinney and T. K. Treadwell, members of the county grading board, started work on the examination papers this morning and expect to complete their work as rapidly as possible so reports can be submitted to the state superintendent.

More Teachers Needed

Several calls for more teachers for summer terms which have opened in full swing over the county have been received, according to Mr. Floyd. Vanoss school, which started its summer session Monday, has an enrollment of between 300 and 400 pupils and is employing eight teachers. Another teacher is being called for there to take care of the unexpected increase in school attendance. Mr. Floyd reports. Three wagons and two trucks, the trucks making two trips each day, are being used to bring pupils to school.

Teachers in the Vanoss school this term are C. W. White, superintendent, Miss Ethel Garr, principal of the high school, Mrs. Paul Sturdevant, Miss Jessie White, Miss Ruby Hawkins, Mrs. Ethel Tilley, Miss Ethel Gobel, and one other whose contract has not been received at the county superintendent's office.

This is the first year Vanoss is holding all its school work in the new building and two years of high school work are being given.

DAVIS CUP CREW DELAYED BY U.S. OFFICERS TODAY

(By the Associated Press)

PITTSBURGH, Penn., July 28.—Captain Norman Peabody and the remainder of the Australian Davis Cup party were taken from a railroad train at Blackrock, New York, by United States immigration authorities last night because they were not provided with the necessary papers for entrance into this country, according to a message received this morning by J. B. Youhe, general manager of the Pittsburgh and Lake Erie railroad.

The Australians played the Canadian team at Toronto yesterday. Their team reached Blackrock at midnight. The incident was revealed to the Pittsburgh tennis committee by a conductor on the Australian train. A special stop had been arranged near the Allegheny Club. When the train arrived the committee members were informed that the foreign players were in Blackrock.

Australians Released. (By the Associated Press)

NEW YORK, July 28.—The Australian Davis Cup tennis players whose entrance into the United States from Canada was barred at Blackrock, New York, last night, have been released and are proceeding to Pittsburgh, the United States lawn tennis association was informed today.

Education received by farmers during the fight on the Lantz anti-grain exchange bills in Illinois has brought failure to attempts to sign up Illinois farmers for grain pooling. Mr. Mansfield said. When Illinois farmers learned their market would be destroyed by the very bills which they had been told would benefit them, they marched in protest on the state capitol, filling the galleries and overflowing the corridors. Their protest was effective. The bills were killed. Associations of managers of co-operative elevators in Iowa, Illinois, Indiana and Ohio have declined to grant the preferential treatment which the pooling plan contemplated, it was announced, and will handle all grain on the same basis.

TWO MEN ARRESTED ON LIQUOR LAW CHARGES

Claude Thompson, of Stonewall, and Henry Yancy, of near Bebee, were arrested late yesterday by Bob Duncan, county sheriff, the former on a charge of furnishing liquor to minors and the latter charged with transporting intoxicating liquor.

Yancy made bond and Thompson was placed in the county jail. Charges against the two men will be filed in the county court and their hearings will be listed for the October term.

A charge of assault and battery was filed in the county court this morning by County Attorney Wayne Wadlington against Dan Rogers.

The Reason Why We Press

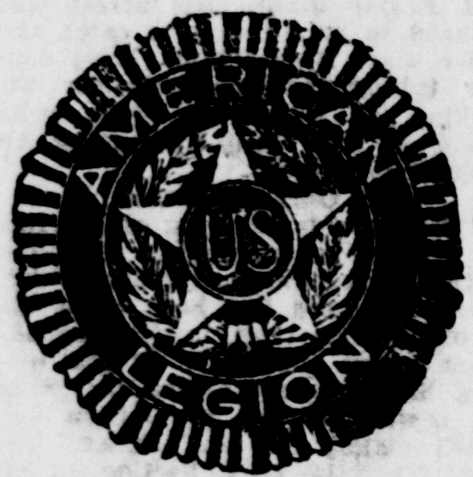

Comments given below do not of
necessity reflect the opinion of the
News. In fact, oftentimes the opin-
ion expressed is directly opposite to
that held by the News. The opin-
ions are given, however, because
this is a newspaper.

The Shame of It

It would seem that the secretary
of the treasury of the United States
thinks it more tolerable for this
country to pay the railroads guar-
antees for the running of their
roads than the paying of a bonus
to the boys who fought in the
world war for the nation's security.
Personally the writer has always
thought that the bonus matter was
of secondary interest to the assis-
tance that could be given the sol-
dier who lost all in the war. We
feel that the average soldier want-
ed the wounded, the injured, the
impaired soldier restored first, be-
fore the matter of recompense was
planned by this grateful country.
But the fact that this nation is giv-
ing the railroads a bonus without
any protest on the part of the Sec-
retary of Treasury leaves no other
thought than the one above sug-
gested. We do not think that Sec-
retary Mellon in his activity to pre-
vent the passing of the bonus sol-
dier law, represented the sentiment
of the people of this nation. We
do not feel that Judge Landis of
Chicago, who stated that the coun-
try could not well afford this bonus,
did represent the opinion of the
public mind.

It certainly ill becomes any coun-
try that gives a bonus to the rail-
roads of the nation without pro-
test from the treasury, to have a
secretary who protests the payment
of the bonus to the soldier. That is
the shame of the whole soldier
bonus legislation. It is bigger than
politics. It is bigger than econo-
mics. It is bigger than the budget
system. Human life is to be con-
sidered. Shame on the persons in
the position of high authority, who
would leave such an impression in
the minds of the world. President
Harding had better fire the sec-
retary of the treasury, and get a
man on board who understands bet-
ter the heart of humanity.

Let the railroads wait on their
bonus money, but let's not forget
the real people who won the war.

POLITICS AND RED TAPE HURT SCHOOL

NEW YORK July 27.—Two
prime causes of the present "de-
plorable" condition of American
public schools are red tape and
the handicapping of Boards of Ed-
ucation by politicians, according to
a survey of public school boards
and their receipts and expendi-
tures, directed by the National Com-
mittee for Chamber of Commerce
Cooperation with the public schools
and the American City Bureau made
public here today.

The survey which covered con-
ditions in 377 cities showed, it
was said, that in 47 per cent of
cases where Boards of Education
were independent of free from pol-
itical manipulation or control, that
the most efficient administrative and
educational results are obtained.

"The best interests of the public
schools," says the report, "cannot
be served in a city where the bud-
get of the board of education may
be reduced and remodelled by city
officials who have not made a de-
finite study of the needs of the
schools."

Boards which are really a sub-
division of the municipal govern-
ment and whose budget may be
changed by municipal authorities
are classified as "dependent" and
undesirable from the standpoint of
the public good.

It is thus pointed out that in the
case of cities in New Jersey, the
budget must be passed upon by a
special board of school estimate;
in Oklahoma cities the school trust-
tees are dependent upon an Ex-
cise board; in Ohio cities, school
budgets may be reduced by a special
county commission; New England
school budgets must be submitted
direct to a town meeting and in
many Western cities the budget is
determined by some county au-
thority.

production. Mr Reid is well sup-
ported by Agnes Ayers, and several
other prominent players, including
Theodore Roberts, Lloyd Whitlock,
Sylvia Ashton, Alexander Gaden,
Clarence Burton, Ernest Butterworth,
and others.

The story revolves around Jim
Glover, a construction engineer on a
mountain railroad division, who
gets "in dach" with the daugh-
ter of the president of the road on
first meeting her, and then falls
in love with her and wins her de-
spite the schemes of Harrison, a
director of the road, who also loves
the girl. Eugene B. Lewis wrote
the scenario and the picture was
directed by Frank Urson, former
assistant of Cecil B. deMille, who
has now become a fullfledged dir-
ector.

SPAIN FESTIVAL BROKEN BY RIOT IN CITY STREET

(By the Associated Press)

LISBON, July 27.—The festivi-
ties of St. John's Eve recently were
interrupted by the explosion of three
dynamite bombs of enormous dimen-
sions, placed by unknown hands in
different parts of the city, outside
three printing offices of which the
printers are on strike.

The first explosion was so ter-
rific that although Lisbonites are
becoming accustomed to bombs, real
panic was produced among the
merry makers in the streets of the
Bairro Alto who, leaving their open
air balls and bonfires, fled into the
lower part of the town. Although
there were no victims the force of
the explosion brought down the
ceilings of the houses near which

it burst. A dense and suffocating
smoke filled the whole street and
many people fainted.
Another bomb did less damage
in the Rua dos Corrieiros, and the
third, which was of the same pow-
erful type as the first, burst near
an open air ball seriously wounding
three persons. Some arrests were
made of workmen but no real clue
has as yet been discovered.

Another case of attempt against
the life of a judge of the Tribunal
of Public Safety was also made
about the same time, two shots be-
ing fired at him in the street with-
out wounding him.

IN SOCIETY
To a Wild Canary
Minstrel with thy sun-tinged vest
And jet-enameled wing,
Charming are the rhapsodies
Which you ceaseless sing;
Chanting matin harmonies
To the rising sun,
Entoning vesper melodies
When the day is done.

Warbler, flashing tiger-bright
Amid the sylvan bowers,
Chasing sprightly elves about,
Flirting with the flowers;
Scattering gladness with the songs
From thy feathered throat—
What wonder how thy little heart
Could gush such rapturous notes.

Blithesome bird, sunburst of joy,
Nesting in the heather,
Singing, singing all the day,
Forgetful of the weather;
May naught cease thy cheery song,
May it thrill forever—
Thrilling weary hearts of earth,
May it silence never! J. A. W.

MIDDLEMEN TO SAVE INDUSTRY FROM RADICALS AND CLASS LAWS

CHICAGO.—The middleman is aroused.
The organization, Mr. Mansfield explained, stands for sound economic principles, for a free, open competitive market and against pooling of grain by any interests. Immediate action is necessary against this program of "national Townleyism," he said, for unless it is defeated the grain trade faces annihilation and the country disaster. "It is a menace from which no line of business is safe," he said. "The attack on the grain trade is merely the first symptom of what threatens to develop into a national calamity, a calamity that would endanger the entire industrial structure."
Associations in the movement expected to join include the United States Chamber of Commerce, national associations of millers, flour dealers, cotton growers, wholesale grocers, lumber, coal and produce organizations, grain exchanges, country banks and Atlantic and Pacific exporters.
While giant organizations of workmen, farmers and other classes have been forming, he has been the unhappy buffer of all disputes. Now he is organizing for self-preservation and preservation of public welfare against class legislation and radical agitators. R. I. Mansfield, well known Chicago business man, has been named chairman of the new general educational committee to combat these alleged evils.
Meanwhile preliminary steps will be taken to deal with other special interest groups and the general campaign against all class laws advanced.
Education received by farmers during the fight on the Lantz anti-grain exchange bills in Illinois has brought failure to attempts to sign up Illinois farmers for grain pooling, Mr. Mansfield said. When Illinois farmers learned their market would be destroyed by the very bills which they had been told would benefit them, they marched in protest on the state capitol, filling the galleries and overflowing the corridors. Their protest was effective. The bills were killed. Associations of managers of co-operative elevators in Iowa, Illinois, Indiana and Ohio have declined to grant the preferential treatment which the pooling plan contemplated, it was announced, and will handle all grain on the same basis.

WORLD SPENDS \$1 FOR WHEAT TO EVERY 5 CENTS FOR ORANGES

THE DAIRY HERD

PRINCE ALBERT, SASK. — Western Canada has become the agricultural rival of California. Thirty-five families, that had engaged in fruit raising in California, recently settled in the North Battleford district of Saskatchewan. Glen Randall who tried California after farming at Waseca has returned to Saskatchewan.

"I am neither a knocker nor a booster so far as California is concerned," said Mr. Randall. "California is all right. But I prefer Saskatchewan. In California I grew fruit. Fruit is a luxury. In Saskatchewan I grow wheat and livestock. Livestock and wheat are necessities. The world will buy a dollar's worth of wheat, beef or

bacon when it would not invest five cents in oranges. The farmer who raises essential foods, in my opinion, will be far better off in the long run than the farmer who grows luxuries."

Settlement is a good barometer of a region's agricultural possibilities. By far the heaviest settlement in Canada at present is coming to the fertile lands along the transcontinental lines of the Canadian National Railways. Some of the best lands in western Canada are in this belt. There is still plenty of land to be had at \$20 and \$30 an acre—land which gives a greater per-acre grain yield than land that costs \$500 an acre in the states. One great reason that this

region is settling so rapidly is that land can be purchased here for less than land of equal fertility can be rented in the states.

The country is gently rolling, lightly-timbered and well watered farming region. It is an area of small farms and every farmer raises not only field crops but cattle, sheep and hogs. In recent years it has become a great dairy country. Creameries built with government financial assistance and operated cooperatively by the farmers are responsible for this. They furnish local markets and make the production of milk and butter one of the most profitable branches of farm industry.

PLAN COMMUNITY HOUSE FOR CITY

Chamber of Commerce Will Devote Entire Building To Purpose.

A community house for Ada is now possible, at least in a small sense of the word, according to an announcement made today by O. N. Walker, secretary of the Ada Chamber of Commerce. The building on East Main street now being used by the Chamber of Commerce will be turned over for this purpose next Monday morning he said. Half of it has been given to traveling salesmen for the display of their goods up to this time.

With the addition of the other half of the building it will be possible to allow Mrs. Duvall, county home demonstration agent, to enlarge her offices enough to open a canning kitchen for demonstration purposes. Ada ladies and club members of the county would then get the best instruction possible.

County Agent J. B. Hill will move his office to the front of the building, occupying the east side of the glass front. He will also have more office room where he can have displays of farm work and store exhibits and other material.

The greatest advantage to be derived from this addition to the office rooms of the Chamber of Commerce will be the possibility of opening a community house, a part of the building being reserved for this. All civic clubs, organizations and special gatherings will be held here where water, lights, fans, phones and other conveniences can be had. The location of the building will also make it better for such meetings, it was shown.

It is through efforts of the Chamber of Commerce to assist in the city's progress that this work is being done. Mr. Walker said. This is considered one of the best steps they have taken recently and work will be started Monday in remodeling the building. Those who are interested in holding meetings there will be given information by calling Mr. Walker.

IRON MANAGER HELD FOR MISSING MONEY

(By the Associated Press.) ENID, July 28.—C. J. Boyd, for six years sales manager in charge of the Gallon iron work state distributing house here, was arrested yesterday afternoon on four charges of embezzlement, totaling about \$1800. Attorneys for the company say his total defalcations in the state so far discovered reach \$37,000.

LOCAL SCOUTS PLAY ALLEN HERE FRIDAY

Ada Boy Scouts will meet the first and second baseball teams of the Allen scouts in a double game Friday afternoon at 3 o'clock on the East Central grounds, Harry Miller, local scout executive, announced

this afternoon. Interesting games are promised.

OKMULGEE—E. R. Black, who witnessed the devastation of many Colorado farms during the flood which wrecked Pueblo homes at a heavy toll of life, says the scenes seemed more terrible than those

of the San Francisco earthquake and fire, or the Galveston flood, both of which he witnessed.

BRITISH SHIPPERS GET HARSH DECREE

(By the Associated Press.)

LONDON, July 28.—The United States shipping board, it was learned here today, has delivered an ultimatum to the British shipping lines that unless its ships are accorded fair treatment in the matter of transportation of cotton from Alexandria, Egypt, to the United Kingdom and the United States, the shipping board will declare an open contest on "anything, anywhere at any rate."

The board will also invoke the retaliatory measures embodied in the Jones shipping act, under which ships owned by unfair competitors

may be excluded from the United States courts, the ultimatum declares.

MOUNTED POLICE NEVER QUIT THEIR TRAIL? HART DID!

But He Does So Only as Hero in Big Picture "O'Malley of the Mounted"

The Canadian Mounted Police are known for their doggedness. It is a trite saying that they never give up once they are on a trail and that the fugitive might as well give in for he hasn't a chance to escape.

Yet, in "O'Malley of the Mounted," the new Paramount picture in which William S. Hart stars and which he also wrote and produced, it is logically shown how one officer of the Mounted caught his man and then let him go again.

Such a story cannot fail to com-

pel the interest of the public which delights in deeds of heroism and romantic adventures in the wilderness country. Add to this the complete western "rodeo" or congress of wild riders, ropers and experts of the wild regions, and you have a combination that is irresistible. Eva Novak is leading woman.

Coming to the McSwain Theater Friday and Saturday.

SHAWNEE—A girl tramp, whose white dress skirt was considerably soiled from contact with freight train "rods" was arrested here and sent back to Dallas, Texas, from where she said she was "beating" her way to Oklahoma City. She would not divulge her name until promised secrecy.

The Boy Scout News

Troop 3 Active

Troop 3 of the Ada scouts has been full of pep all summer and is rapidly coming to the front. Winning prizes in various contests, taking the lead in troop enterprises and social affairs, this troop has been successful in keeping up the interest of the boys.

They were the first troop to camp in the scout lodge and are planning other outings there in the near future. A meeting will be held tonight on the Irving school grounds and a full meeting is wanted. The meeting will be called to order promptly at 8 o'clock.

Troop 2 Still in Existence
Members of Troop 2 enjoyed an entertainment at the home of Scoutmaster N. W. Pitts last week. Candy was made by Mrs. Pitts and the boys were given a fine time. An overnight hike to the lake is being planned for Friday night of this week.

The night will be spent in the scout lodge. It is reported that Carl Spangler and Junior Ridling have become noted for their ability to make hits with matronal rinds and those who go along are given fair warning.

Troop 1 Leads
Troop 1 is holding first place in the park contest this week according to an announcement of the Judges. Second place was given to Troop 4 and third place to Troop 5. The greatest difficulty the boys are encountering is getting water to the flowers and arrangements are being made to remedy this.

Scouts Leave Monday
Off for the happy camping grounds at Desperado Springs early Monday morning is the cry of Ada Boy Scouts today. Tents, trucks, provisions, a cook, everything is ready for the trip. Scout Executive Miller said today. Those who expect to go should not fail to go to headquarters to register this week. "We expect to get started by 10 o'clock Monday morning," Mr. Miller said. "For the benefit of the parents I will say that every precaution possible will be taken to guard against accidents, sickness and the general welfare of the boys while in camp. This will be a great trip for any boy, and parents permitting their sons to go will never regret it."

All boys are asked to come to headquarters about 8:30 and assist in getting their material and outfit loaded with the other equipment. Things for the trip should be there early to avoid trouble and a late start. Scouts will make the trip overland.

PORT BILL—Lieut. Col. Paul W. Beck recently made a trip to Atlantic City, N. J., from Post Field here, in 14 hours, by air. He was called there by sudden illness of his wife, Lieut. James D. Givens was his pilot.

RENT PRICES HOLD STEADY LINE HERE

Many Firms Get More Calls for Residences Than Can be Filled.

While rent prices in some other cities of the state are reported falling from eight to twenty-five percent, rentals in Ada continue to hold their own, indicating what local real estate men believe to be a remarkably good business condition.

Several real estate firms of the city dealing in city property report more calls for homes to rent than can be filled this summer. The condition is described as being unusually good for mid-summer. In spite of a rent price boom which threatened to set in here about two months ago, all operations near Ada have made no lasting difference in the price of rent on either business or residence property, according to local property dealers. Most new homes here were built during the era of high prices and owners cannot afford to reduce rentals, it was shown.

Although single rooms are said to be somewhat plentiful during the mid-summer, this condition is not expected to hold up when schools resume their sessions early this fall, real estate men declared. With the opening of all city schools which will bring many families to Ada early in September and the starting of the fall term at the Normal, the city will have calls for all its extra living space.

In a few cases recently, according to one real estate company, rents still show some tendency to advance instead of decline. This has been to any considerable extent, however, the general run being toward a stabilization of prices. Good rent houses will increase in demand with the coming of fall, it has been predicted. Whether this will cause general rental rates over the city to climb is difficult to say, but little change in either direction is expected, another dealer said.

WOMAN AVOIDS AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief and they both said I would have to have an operation. I had my trouble for years and was unfit to do anything, and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true."—Mrs. J. F. Hursey, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from ailments peculiar to her sex to give this good old fashioned remedy a fair trial.

MORMONS TO PUT TEMPLE IN WIDE DESERT EXPANSE

(By the Associated Press)
MESA, Ariz., July 27.—Out here in the center of the Great American desert, the Mormons are to build another temple, second to their tabernacle at Salt Lake City, President Heber J. Grant of the Mormon church has announced.

The Mesa temple, when finished will be the ninth the church has built. The others are at Kirtland, Ohio; Nauvoo, Ill.; St. George, Logan and Salt Lake City, Utah; Cardston, Alberta, Canada and Laie, Hawaiian Islands.

Work on the temple here will start in September, it was announced. The building will cost approximately \$500,000 and will be completed within a year. Many church dignitaries will attend the groundbreaking ceremonies.

The temple is to be built on a tract of 40 acres in the eastern section of Mesa.

BOXING TITLE IS GROUND OF SPLIT

Downey and Wilson Are Contenders Over Bout at Cleveland.

(By the Associated Press)
CLEVELAND, July 28.—The middleweight boxing championship is in dispute today.

According to the Cleveland boxing commission and sport writers who were at the ringside, the title belongs to Bryan Downey of Cleveland, he having acquired it by knocking out Johnny Wilson of Boston in the seventh round of a scheduled 12 round no-decision contest here last night.

But Jimmy Gardner of Lowell, Massachusetts, who refereed the battle, declared that Wilson retains the championship because Downey fouled Wilson.

Wilson was knocked down three times in the final round. Just one minute and six seconds of the round were up when Downey sent Wilson down with a right to the jaw and a left to the chin. Wilson was on his knees when Gardner slowly counted nine. Whether he counted ten is disputed.

The official timekeeper, Artie Foote, of the boxing commission, said he heard Gardner count the fatal second and that his watch showed that Wilson was down 13 4-5 seconds.

GOFF TO INVESTIGATE WAR TIME CONTRACTS

(By the Associated Press)
WASHINGTON, July 28.—Colonel Guy D. Goff, the assistant to the attorney general, will be assigned as head of the justice department's special bureau for the investigation of government's wartime contracts, Attorney General Daugherty announced today.

CORPORATION COMMISSION HAS RATES JURISDICTION

(By the Associated Press)
OKLAHOMA CITY, July 28.—The corporation commission of Oklahoma has jurisdiction in fixing city gate rates for gas, to any company which is acting as a public utility, according to decision of Judge John H. Cotteral, of the United States district court here today.

FUNDING BILL IS PASSED BY GROUP

Treasury May Be Given Authority to Talk on Allied Loans.

(By the Associated Press)

WASHINGTON, July 28.—Favorable report on the administration bill giving the treasury blanket authority to conduct negotiations for the funding of the allied debts was ordered today by the senate finance committee. It carried a committee amendment requiring that the funding be completed within five years.

The secretary had previously advised the committee in reply to a committee inquiry as to his views regarding the extent to which the United States is committed under the Wilson administration on deferment of allied war loans and interest.

The committee said the postponement of interest payments for two or three years and the subsequent spreading out of the postponed payments "contingent upon such for government carrying out with a reasonable portion until this government is ready to proceed, the satisfactory funding of existing short-time obligations to this country."

PRELIMINARIES OPEN IN AUTOMOBILE CASE

Preliminary hearing in the cases of the state against Ed Stewart, Claude Hall and Eugene Augustus, charged with stealing a car on July 5 from L. A. Thomason at Allen opened this morning before Justice of the Peace H. J. Brown and the grind promised to continued until late today.

Attorneys Wimbish and Duncan, Huffar and Crawford are representing the defendants and the prosecution is being conducted by County Attorney Wayne Wadlington and Assistant County Attorney H. G. Mathis.

Cross and redirect examination of Clayton Bowie, arrested July 13 on a charge of being involved in the car theft, was a feature of this afternoon's hearing. Bowie, who turned state's evidence, was subjected to hot fire from Attorney Robert Wimbish, who attempted to learn if leniency had been promised him if he turned to the state's side. The witness declared it was not.

Bowie is alleged to have painted the car, which it is charged, was stolen and lodged in Augustus' garage here.

G. O. P. LEADERS MEET AT CAPITOL TONIGHT

WASHINGTON, July 28.—A White House dinner conference will be held tonight by President Harding and about a dozen republican leaders in the house, in furtherance of the legislative program that is understood to have been agreed upon by the senate republicans who conferred with the president Tuesday night. Arrangement of the house program to fit in with the administration program as to the passage of the tax revision bill is expected to result from the conference.

Senate Becomes Active.
WASHINGTON, July 28.—Preceding President Harding's conference tonight at a White House dinner to house republican leaders, the senate began today the carrying out of part of the congressional legislation program mapped out at the president's dinner to senate republicans last Tuesday.

It was decided that the Capper-Tincher bill for government regulation of future grading on grain exchanges should precede the tax revision and anti-beer legislation. The Capper-Tincher bill is to be considered before the senate recess, according to republican managers. No action regarding a recess has been taken.

ADAMSON POSTMISTRESS IS REPORTED MISSING

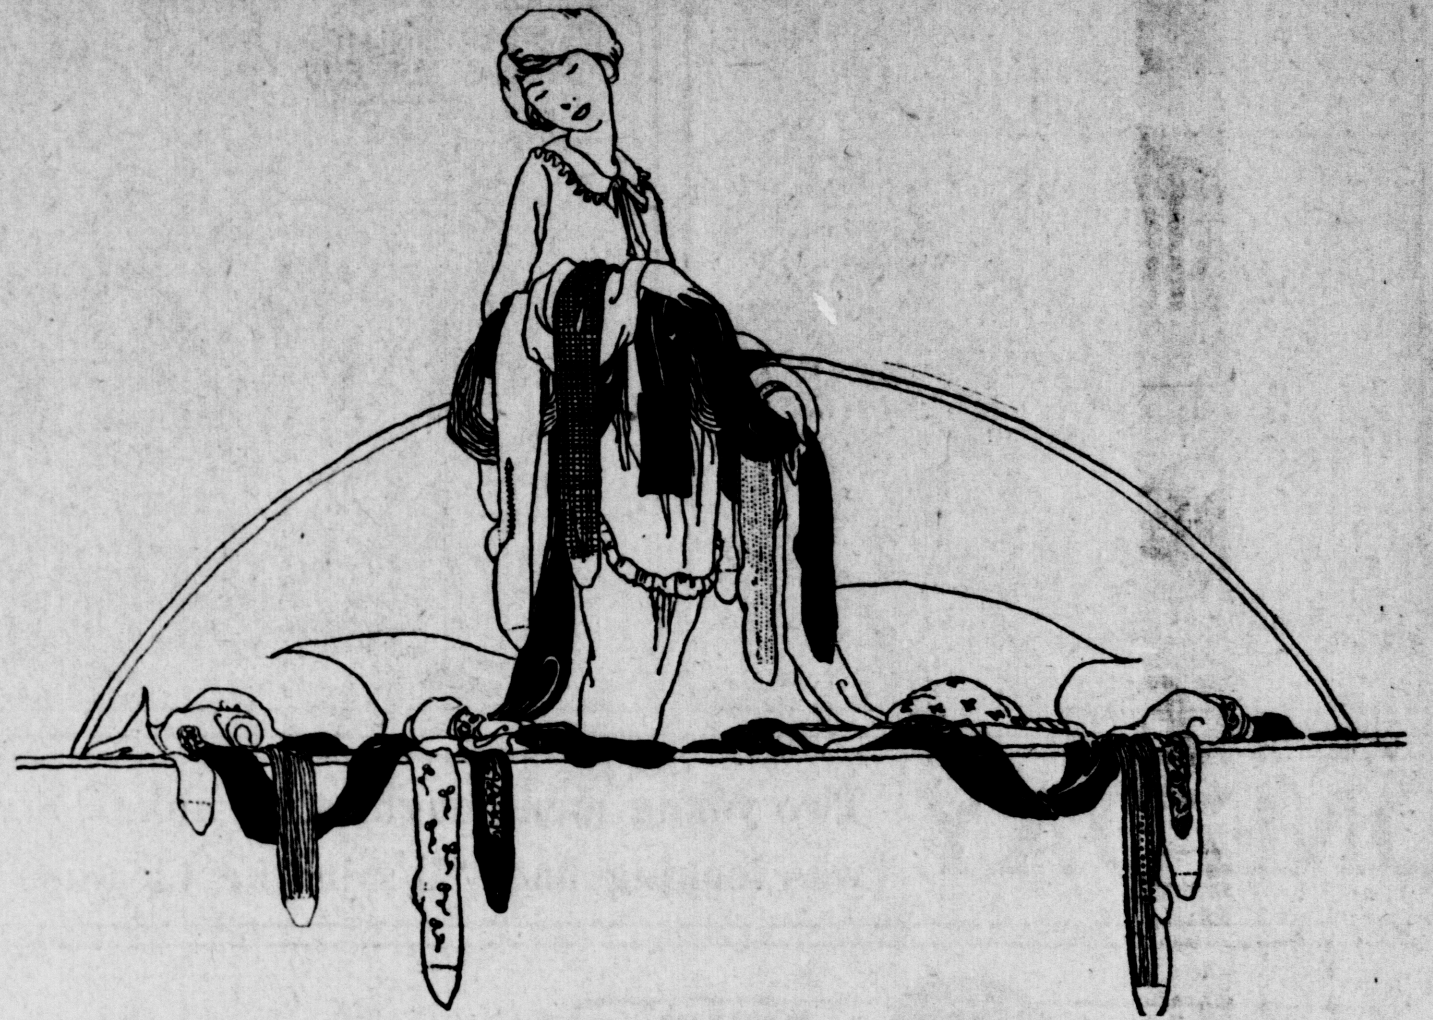

McALESTER, July 28.—Miss Beulah White, aged 20, postmistress of Adamson, left on a vacation three weeks ago stating that she would attend a meeting of postmasters held at Oklahoma City. She has not been heard from since. A postal inspector found a shortage of \$1300. A search has been started for the missing girl.

MRS. LEECRAFT DIES AT OKLAHOMA CITY

(By the Associated Press)

OKLAHOMA CITY, July 28.—Funeral services for Mrs. A. N. Leecraft, wife of the state treasurer, who died at her home last night, were to be held at 4 p. m. today at an undertaking establishment here. The body will be sent tomorrow to Sherman, Texas, for interment in the family cemetery. Mrs. Leecraft was 47 years old and is survived by Mr. Leecraft and four children.

Mrs. Leecraft became seriously ill two months ago when she returned from Hot Springs, Ark., where she had treatment for neuritis. She was the victim of a slight stroke of paralysis early last fall. Since her return from Hot Springs physicians have held little hope for her recovery.

Formerly Active in Clubs.
Before Mrs. Leecraft's health became impaired, she was active in church, club and social affairs.

Mr. and Mrs. Leecraft were married twenty-eight years ago at Colbert in Bryan county, where Mr. Leecraft was engaged in the mercantile business. Six years ago they removed to Oklahoma City when he was appointed secretary to Governor Williams.

Mandamus of Wright to Go Before Supreme Court on August 8

(By the Associated Press)

OKLAHOMA CITY, July 28.—The supreme court on August 8 will hear the plea for a mandamus restraining Judge Lucien B. Wright, district judge of Creek county, from taking any further action or making any decision in the Kette-Kolvin oil land controversy involving two million dollars in oil lands. It was announced today.

Judge Wright has been instructed to appear at the hearing and show cause why the mandamus granted yesterday by the grand jury should not become effective in this and all other judicial affairs.

ENGLAND WILL CONDUCT MEETING BEFORE PARLEY

(By the Associated Press)

LONDON, July 28.—It was stated in official circles here today that a meeting preliminary to the Washington conference on disarmament and far eastern problems, to be held within six weeks at some Canadian City or a city in the United States other than Washington, was virtually certain, although it is admitted that the attitude of Washington on such an arrangement was as yet unknown in London.

MUSKOGEE—One railroad alone, the Missouri, Kansas, and Texas, is taking Oklahoma wheat to market at a rate of 150 cars a day. Bert McDonald, chief dispatcher for this division says. That is the average between Enfield and the Kansas border, he adds.

GOV. SMALL IS SILENT ON ARREST DISPUTE

(By the Associated Press)

CHICAGO, July 28.—Neither Governor Len Small nor any member of his party would discuss his plans in connection with the warrant issued in Springfield indicting him with embezzlement while he was state treasurer. The governor, his son, Leslie, and several attorneys were found at the Congress hotel, where they had been in seclusion for several hours.
